ADD-ONS

ITEM IV

Chairman Hathaway noted that an invitation had been extended to Members of the Planning Commission to attend the Planning and Economic Development Committee Meeting on December 18, 1991.

Planning Commission Chairman Domahidy noted the desire of the Commission to meet with the Committee to discuss the activities of various Committees of the Planning Commission relative to Sign Regulations, Architectural Review, and Site Landscaping. Chairman Domahidy also noted the possibility in the coming year of undertaking an Urban Design Study, an item which had previously been cited in the City's Comprehensive Plan.

Chairman Hathaway inquired of Planning Commission Member Brown of discussion of banner signs at a previous Ordinance Review Committee Meeting.

Commission Member Brown noted that the Ordinance Review Committee of the Commission discussed allowing of banners in established neighborhoods for identification, but not as a promotional device in developing subdivisions.

ITEM V

Director Duespner presented to the Committee a copy of St. Louis Planning Commission Public Hearing Notice for November 18, 1991. It was noted that three (3) petitions were to be heard by the St. Louis County Planning Commission that evening. Those petitions are as follows:

11:

P.C. 100-91 Bridle Development Company, a request for an amended "C-8" Planned Commercial District and "FPC-8" Flood Plain Planned Commercial District for a 1.7 acre tract of land located at the northeast corner of Olive Boulevard and Creve Coeur Mill Road. Proposed uses include retail, restaurant, convenience store with gas pumps and canopy, vehicle service facility, and all other permitted and conditional uses in the "C-2" and "C-3" Shopping Districts.

Chairman Hathaway suggested that a letter be forwarded from the City to the St. Louis County Planning Commission expressing concern relative to this petition, noting that the proposed development was too intense and not appropriate at the site.

A motion was made by Councilmember Bute and seconded by Councilmember Hathaway. The motion was approved by a vote of 3 to 0.

Note: A letter on this matter is to be sent to the St. Louis County Planning Commission.

#2 & 3: P.C. 101 and 102-91 International Development, Inc., a request for a change of zoning from "R-3" 10,000 square foot Residence District and "FPR-3" Flood Plain 10,000 square foot Residence District to "R-6" 2,000 square foot Residence District and "FPR-6" Flood Plain 2,000 square foot Residence District, and a Planned Environment in the "R-6" and "FPR-6" Residence Districts, for a 12.03 acre tract of land located on the southside of Olive Boulevard, west of Fernview Drive. The proposed use: multiple-family residences with associated recreational facilities.

The Committee did not express an opinion on this matter and notice was received and filed.

The meeting adjourned at 6:00 p.m.
