IV. Unfinished Business

- A.** 33rd Chesterfield Earth Day update, Venue Central park on April 27 2024 (may be crowded due to another big event at the same time), Event time: 9-11am, Attending members need to be there 8.00-11.30 am
- St. Louis Composting, No 'Roy Gross' could be contacted. Rob K contacted Rick Blosser (old contact who is no longer with St Louis Composting?). Rick confirmed they will honor the commitment of donating compost for Earth day. Details for pick up etc. - Kari
 - Native trees and Tree Guide – no change from what discussed - Kari
 - Native Wildflowers, Josts Greenhouse – contact and pick up Paul M (also to deliver the Green Team emblem that Donna has)
 - Wildflower Seeds: 2 mixes 'Bag and Tag' date/time/place – Donna Tentatively on Mar 8 at Jeanne C's house. Donna to confirm
 - Some Tomato plants will be available for giveaway
 - Flyer – Kari had draft for review by members. She will incorporate comments and corrections as appropriate. Will send out the final version to members and publish. This year City is partnering with RedKey Reality Leaders for the recycling portion of the event (E-Cycling, Remains and Paper shredding). which will take place at the same time on the same day. City event will handle trees, compost, kids' event etc. Kari mentioned that many organizations are doing Earth day now and it reduced the demand on city's events as shown by low attendances. No coordination is done with any other city regarding ED.
 - Little paper cup planting plan for children – cups purchased – Kari

- Arbor Day/s status at Wild Horse Elementary – Vaishali, Kari – Principal ok with both 4/5 and/or 4/26. Prefers Gray dogwood for planting. Also wants to know what they need to do. Kari and Jeff to coordinate

V. New Business

A. CCEAC Direction

Per request of few CCEAC members, Kari shared her thoughts on future plans and operations of CCEAC at this important time of transition. Long time chair person Darcy retired, CCEAC election of new leadership is due. Darcy did almost all the work done by the group herself which was a huge load for so many years. Kari sees the activities of the group divided in several subgroups and members helping in their areas of interests so that the work of the chairperson is manageable. It will involve managing the activities of the group and making sure the commitments are met. Vice chair to help and pick areas of choice to help the group. Subgroups suggested by Kari are as follows:
NWF related activities: attending Zoom mtgs, presenting the gist and any hot topic to this group, continuation of recertification of city (?) - Jeanne C with help from Rob K

City newsletter articles: On hot topics for the quarters and need to be seasonal – Kari / Su

End of the Year report: One page summary of group activities for the year, due January next year – Su

Recycling results: Not necessary to follow-up or publish monthly. Annual follow-up should be sufficient. It can be obtained from Susan P and Royal Oaks

Table top display of educational materials: 4 times a year at City hall, Library and YMCA (contacts for dates are Kari, Donna/Jeanne C, and Rob respectively). Not to put all materials out at the same time but to cycle those thru the duration of displays to maintain interest.

Programs: Earth day, Arbor day, Summer program - outdoor, fun, engaging (Vaishali with help from Susan M and Jeanne T), Fall festival on Oct 19 along with the City Concert which gathers big crowd, Fall education (School recycling, Donna and Makarand)

Education materials on website: Check, update and/or correct, recycle related, used for Community outreach
